1. AZC-2 Square Radius Tool uses M5 flat head mounting screw.						
2. Requires a slight chamfer be added to top of threaded hole (see our video)						
3. Requires a spacer under cutter to fit tool. These are available with each cutter please add a note or send email						
4. Also available with sharp points vs. rounded nose see AzCarbide model # DIA10S						
						2/1/2019
